

NOW HIRING: SENIOR STAFF ELECTRICAL ENGINEER

JOIN HOVERFLY: ELEVATE THE FUTURE WITH US

At Hoverfly Technologies, soar beyond the ordinary and make a tangible impact in tethered drone solutions as our **Senior Staff Electrical Engineer**. Lead the design and development of robust electrical systems for cutting-edge drone systems, ground stations, and test fixtures.

Why You Want This Job

- Influence major advancements in tether-powered drone/UAS/autonomous solutions
- Contribute to essential government and commercial projects
- Enjoy working in a supportive, team-focused environment in sunny Greater Orlando, Florida
- Benefit from medical, dental, and vision with substantial company-paid premiums
- Enrich your life with free in-house wellness events, health screenings, catered meals, and fun team-building activities

What You'll Be Doing

- Contributing to all phases of PCB design from concept to layout to test
- Conducting comprehensive electronics failure analysis and implementing mitigation strategies
- Interfacing with various teams and contract manufacturers for seamless production and delivery
- Providing significant contributions to the product roadmap and new product development

Why You'll Be Successful

- Solid PCB design experience (requirements capture, layout, testing)
- BS or higher degree in Electrical Engineering (or comparable)
- Experience with drones/UAS, RC, or robotics systems a bonus
- Self-starter with effective problem-solving, analytical, and organizational skills
- Adaptability in a high-tempo and rapidly shifting environment
- Experience with RF Systems and MIL-STD-461 a big plus

How to Apply

If this sounds like your dream job, don't hesitate! Go to our Careers page [HERE](#) and hit Apply Now to upload your resume. Or email us directly at whitney.brooks@hoverflytech.com. Put "I'm Your Engineer!" in the subject line and tell us why we should talk.

Position is onsite in Sanford, FL, with an amazing team, frequent catered meals, and a laid-back environment.
Equal Opportunity Employer. Must be fully authorized to work in the United States and be qualified to hold a DoD clearance.
